

The Conservation Kits are Available to Our Customers

These water conservation kits can be picked up at the Silver Lake Water and Sewer District's Headquarters (quantities are limited).

Residential showerhead & faucets kits

- 🌍 One low-flow showerhead
- 🌍 One kitchen faucet aerator
- 🌍 Two bathroom faucet aerators
- 🌍 Toilet tummy displacement devices
- 🌍 Toilet tank leak (dye) test kits

Residential landscape watering kits

- 🌍 Hose nozzle
- 🌍 Automatic water shut-off
- 🌍 Moisture tester

These conservation kits can help you manage your water demand, especially during the summer. All pieces install very easily with few tools required.
